

## ABSENCE DECLARATION REACH (SVHC)

---

Date.: March 2025  
Prevoious version obsolete

Version 14.0

Products: stock shapes

- PEI** natural <sup>1</sup>, black <sup>1</sup>
- PEI GF30** natural <sup>1</sup>, black <sup>1</sup>
- PEI ESD 410**
- PEEK** natural, black
- PEEK CA30**
- PEEK GF30**
- PEEK FC30 mod.**
- PEEK TX**
- PPS**
- Techtron HPV**
- PSU** <sup>1</sup>

---

To the best of our knowledge, we herewith confirm that the substances mentioned on the **Candidate List of Substances of Very High Concern as published by ECHA on 28 October 2008 and updated up to and including 21 January 2025**, are neither intentionally introduced<sup>2</sup> during the production of the raw materials nor during the manufacture of the above mentioned stock shapes, or that the maximum concentration of 0.1% (w/w) mentioned by ECHA has not been exceeded, with the exceptions as mentioned below.

Since the presence of the above mentioned substances cannot reasonably be expected, with the exceptions as mentioned below, BBC Cellpack Technology AG does not systematically check their absence in its stock shapes by testing.

---

<sup>1</sup> **Bisphenol A** (CAS Nr. 80-05-7) is a monomer that is used in the Production of the resins that are used for the extrusion of **PEI**, **PEI GF30** and **PSU** stock shapes and so it will be present in the end product in very small quantities. According to the resin supplier these quantities are below 0.1% (w/w).

<sup>2</sup> "Intentionally introduced" means "deliberately utilised in the formulation of a material to facilitate manufacture or to provide a specific characteristic, appearance or quality".

All statements, technical information, recommendations, and advice are for informational purposes only and are not intended and should not be construed as a warranty of any type or term of sale. The reader, however, is cautioned that BBC Cellpack Technology AG does not guarantee the accuracy or completeness of this information and it is the customer's responsibility to test and assess the suitability of the products in any given application or for use in a finished device.

This statement is subject to change without notice and becomes obsolete in case of any changes to the regulation referenced, or in case of any changes to the product's composition, or in case a new version is issued.
